“The Proposition Song”  
November 2012 Election  
By Kim Alexander, California Voter Foundation, www.calvoter.org

A  B  
Oh we’re having an election, November Six the day  
E  A  
Eleven propositions, come vote and have your say!  
A  B  
The first one is Prop 30, it’s backed by Gov’nr Brown  
E  A  
if passed, some taxes will go up so the budget gap goes down.

31 is also ‘bout the budget, its changes are not trifle  
if it’s passed the budget goes from a one to two year cycle.  
32 would make it hard for unions to raise their donations  
it also limits contributions from unions and corporations.

E  A  
It’s the Proposition Song!  
E  A  
Let’s all be singing along!  
E  A  
Cuz the ballot is so darn long!

The next prop is about auto insurance, if passed 33  
lets insurers base rates on your insurance history  
If passed, 34 repeals the death penalty  
Prop 35 makes more severe the crime of human trafficking

36 is also ‘bout criminals and how much time they’re given  
revising the three strikes law so they spend less time in prison  
37’s about food labels, if passed codifies  
that foods be clearly labeled when genetically modified.

It’s the Proposition Song!  
Let’s all be singing along!  
Cuz the ballot is so darn long!

Prop. 38 is like Prop. 30, about budget and taxing rules  
If passed it raises taxes to give more funding to the schools.  
Energy programs would be supported if prop 39 passes  
by making out of state corporations pay some more in taxes

Last we have Prop 40 the most difficult of all  
Proponents tried to have political district maps recalled  
but they lost a court battle and have given up the game  
A yes vote on Prop 40 would keep districts all the same.
